Model DFV49-M01 shown with Natural Speaker Foundations™ model NF36-M01 and VisionMount® model LMT15-B1

DESIGNER AV FOUNDATIONS™

Specially engineered for style and functionality

The AV Foundations Designer Series was created exclusively for Sanus by **renowned industrial design firm** Cramer Studio. Each piece features rich, **mocha-finished hardwood** and smoked **tempered glass** construction, giving AV gear an enclosed look without blocking infrared remote controls. Because the Designer Series was created to handle large AV components, both pieces feature individually **removable steel back panels** to provide additional depth or to allow easy cabling and maintenance.

DFV49-MO1 I NF36-MO1

« Rich mocha-finished hardwood legs

« Smoked tempered-glass gives AV gear an enclosed look without blocking infrared remote controls

« Unique convection cooling system allows heated air to escape through top as cooler air is drawn in through bottom

« Spacious shelves designed to fit the largest AV gear
